

IF You Cannot Stay To Speak in Person Please
fill out.

WRITTEN COMMENT SHEET

WALT RANCH VINEYARDS PUBLIC MEETING

APRIL 4, 2016

If you are unable to speak during the public hearing and would like to leave your comments for consideration, please use this form and your comments will be submitted into the record.

The processes described in Mitigation Measure 4.6-4 and Appendix R ~~are~~ are not public.

By deferring that process to a post-approval, the public is deprived of its ability to participate in the analysis of ground water availability and the causes of shortages and the appropriate County response.

at a minimum, these mitigation measures should require a public process for these determinations, even post-approval.

On behalf of Living Rivers Council

Tom Lippe
